RED CROSS CAMPAIGN WELL UNDER WAY YOUR CONTRIBUTIONS ARE GREATLY NEEDED

The month of March is quickly drawing to a close, with more funds still needed for the Red Cross Campaign.

Through the League of Red Cross Society the International Committee of the Red Cross has obligations to help people throughout the World.

The Voluntary services of many people are involved and the financial support of all the people of Canada is most necessary to continue the many activities they find necessary to budget for each year.

The Canadian Red Cross found it advisable to establish a Red Cross Hospital in Minden and without it what would the people of the Community and surrounding area have done.

Please give generously when you return your envelope and donation into our Branch Treasurer, so that we in Minden and District can read when our Campaign is over that we truly have Faith in our Country and in our Community "THAT OTHERS MAY BE HELPED".

Two Youths Represent Minden Well

Two Minden High School students have represented this community well in Ontario competitions. Paul Prentice, 17, in snowmobiling and Elizabeth Macnabb 15, for Public Speaking.

Over this past week, both Paul and Elizabeth won second prize in all Ontario competitions.

Elizabeth is the daughter of Mr. and Mrs. A. D. Macnabb, R.R. 2 Minden, who won \$225.00 also a small shield, and engraved pen and pencil set, along with a scroll of merit, as second prize winner in the Ontario public Speaking contest Finals, for

secondary School Impromptu speech section at the King Edward Hotel in Toronto on Monday afternoon.

Miss Macnabb had captured first prize in this section for this area last week in Whitby.

Paul is the son of Mr. and Mrs. Bill Prentice of Minden, who just arrived home this week from competing in the World Series of Snowmobiling in Rhinelandier, Wis. U.S.A.

Paul finished 7th in the modified 2 competition and was knocked out of the modified 5 event with a broken clutch, after running 3rd with only a lap to

go. There were 500 entries of the best drivers in the world taking part in this event.

On returning home he was notified he had finished second in the overall racing competitions for the season in Ontario.

The community of Minden, congratulations both you Elizabeth and Paul, for your winning efforts in Ontario competitions.

TAXI CAB DRIVER HERE HURT IN CRASH SUNDAY

Ross Lewis Keefer, a taxi driver here in Minden was taken to Ross Memorial Hospital in Lindsay for treatment following an accident Sunday at 5:15 a.m. on the North Road, one mile north of here. The vehicle was owned by James Miles. Damage was estimated at \$400.

OPP Constable Ron Buchanen investigated.

Others involved in accidents this past weekend were Gary Duncan McLean, 26, of Scarborough, crashed on Hwy. 503, near the Bear Lake Road, Friday evening at 11:40 p.m. McLean was not injured. Damage was estimated at \$1,600. OPP Const. D. J. Watson investigated.

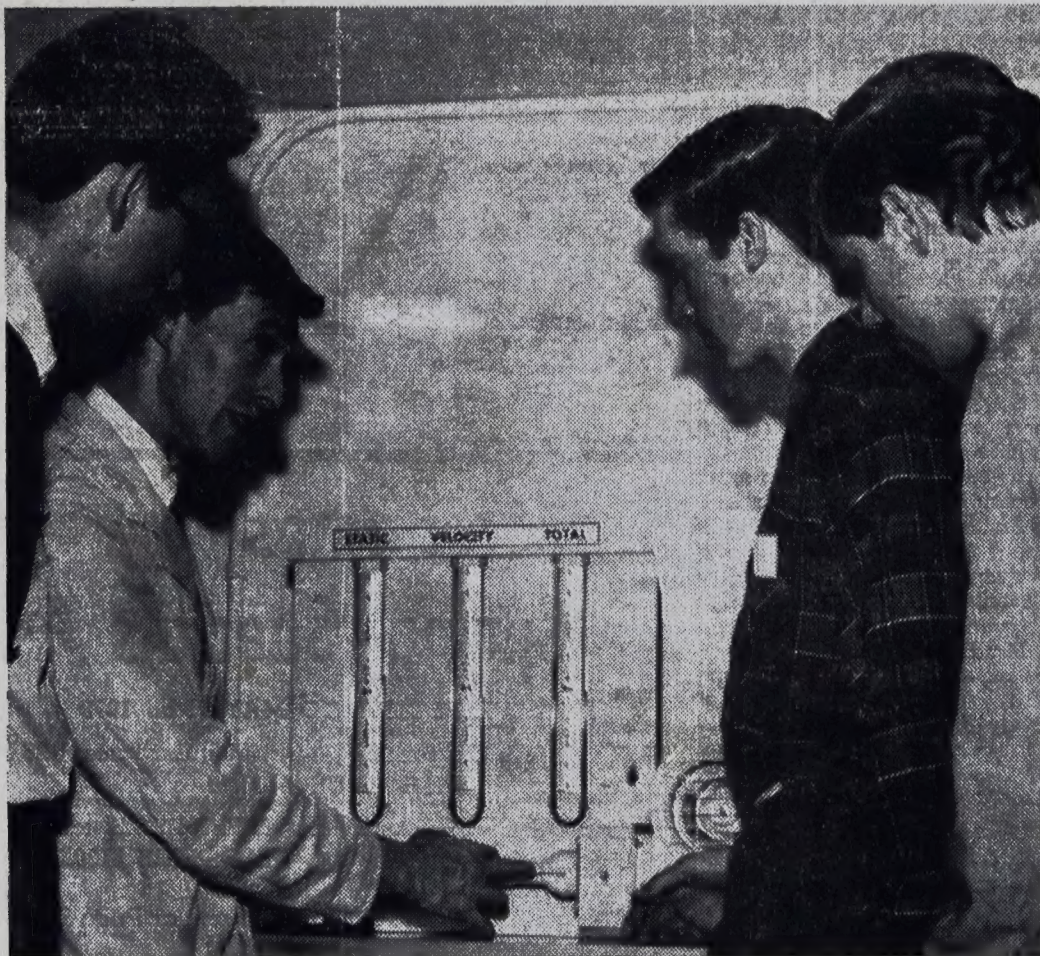

ROTARY CLUB HOLDS ELECTION OF OFFICERS

Over the last two weeks the Minden Rotary club has held their election of Officers, they are as follows:

Paul Muller President, Ray Hyde Vice-President and Secretary, Percy Brintnell Treasurer and Director, Gene Whitney Director, Don Hall Director, Howard Best Director.

This new executive will take office in June for the 1970 - 71 term.

STUDENTS FROM HERE - VISIT COLLEGE

Over 50 students from Haliburton Highlands Secondary School recently visited Sir Sandford Fleming College's Peterborough campus to inspect the educational facilities there and discuss academic programs firsthand. Rocky Robertson left, of Haliburton listens while College engineering technology instructor J. D. Steele explains an instrument showing the venturi effect in compressible gas to Lloyd Ackerblade and Larry Ruppi, both of Minden.

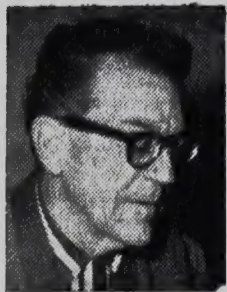

HALIBURTON

A small Dwelling (24' x 24') with 4 rooms, located near Haliburton on a 2 acre lot. Partly furnished. Full Price \$2,700. Contact Oliver Sholer in Haliburton. Phone 345.

HIGHWAY NO. 35

11 acres with 400' frontage on highway 35. Mixed bush, level lot. Price \$5,000.

HERE AND THERE

with Fenwick Finch

Well, here we are again and I hope this time I'll be able to keep coming back from week-to-week.

Just finished a short stay in the Toronto General Hospital under the care of Dr. J. D. Morrow a skilled and knowing physician.

It's a small world as I found out as I entered my room in the hospital. On the way up in the elevator I wondered who my room-mate would be — imagine my surprise when I met Mary and Charlie Shaw of Scott's dam as I stepped into the room. Charlie made my stay in the hospital pretty easy to take — his many friends will be pleased to hear that he has come through his heart surgery in first class style and will soon be home.

I learned something else from my stay in the Toronto General. In the past I have heard, on good authority, that the General was a pretty cold and callous place to be and that the meals were simply impossible. From my experience both of these statements are incorrect.

Floor Seven which was my home for about 12 days was under control of Head nurse Edith Garvey and the staff she had reflected great credit on her training. Her staff was efficient, warm and sincere and we lacked nothing.

The meals were well and efficiently handled. I never ran across anything I couldn't eat or enjoy. I did learn one thing from the meals that has settled a question in my mind that has been there for some years. I always wondered why so many pigeons were around that section of the City — now I know, they supply the eggs to the Hospital.

Different people have remarked on my choice of "Fenwick" as a first name — in real life, they told me people don't have such names. Also I have been taken to task for "Snively".

People have unusual first names — take the young Doctor who checked me in — Dr. F. Weston, the "F" is for Fenton. He was a young man with a keenly honed sense of humour.

If you have watched the newest TV ad for the Volkswagen you will have watched the funeral cortege of one, "Maxwell E. Snively" what relation he is to Chester I'm not prepared to say. Chester is still in Mexico but will be back within the next month.

The other Doctor on our floor reminded me of the "Gallopig Gourmet" — his sense of humour and his method of handling people augers well for a great future for this young man. His name, Dr. Barry Winning. (As I told you Doctor when I left the General, should you come to Minden I'll return your favours to Charlie and myself.) This applies to any of the Staff on the Seventh.

Before closing out this week I'd like to mention a young folk singer in our midst who deserves a break — Joe Nicholson at the Dominion. It might pay Alfie Fromager of the Western Jamboree Barrie to give him a chance.

I had a set-back last Thursday night. I would like to thank Dr. W. "Bill" Graham of Fenelon Falls for his prompt care which enabled me to continue on home some three hours after the attack of angina. Friday morning Dr. Koval ran me through a ECG and "decked" me for a week or ten days. It's a bit disappointing — but better than nothing.

Fenwick

MORE VISITORS YEARLY TO ALGONQUIN

Visitors to Algonquin Provincial Park are increasing each year and 489,503 took part in some phase of the park's interpretive program during the past season, notes the Department of Lands and Forests. This figure, compared to the total of 422,122 in 1967, indicates a 16 per cent increase.

In the visitor centre, attendance was 202,331; pioneer logging exhibit 105,883; conducted hikes 4,793; evening programs 26,594; walking trails 72,743; special groups 1,694; children's groups 1,497; slide - tape programs 73,968.

It has been long recognized by Department of Lands and Forests personnel that park visitors require more than just a place to camp and relax. Activities designed to assist them in appreciation of the environment through various aspects of human and natural history, soils, waters, forests and wildlife. Through these activities the park user gains an insight of conservation and management necessary for the preservation and utilization of the area.

The Algonquin program starts its 27th year of operation in 1970, and has developed from simple bird walks and nature hikes to the complex variety of programs recently presented.

NO TRUCKING ON SUNDAY

Transport Minister Irwin announced today that the Ontario Government is opposing the request of two transport companies to operate trucks on Sundays.

He said the Province has filed interventions with the Canadian Transport Commission opposing the applications of Smith Transport and Norman's Transfer Limited for exemptions from the prohibition of Sunday trucking contained in the Lord's Day Act.

Under a recent amendment to the Lord's Day Act a trucker is permitted to apply to the Canadian Transport Commission for such exemption.

Mr. Haskett said the Province is requesting that the applications be dismissed or, alternatively, a public hearing be held "to determine if the granting of these applications is for the benefit of the citizens of Ontario".

THIS FORESTRY DISTRICT WINS FIRST AID COMPETITION

by S. A. Shields,
Deputy Chief Ranger

After a gruelling morning of competition, the Lindsay District won the Southern Ontario Region First Aid Competition by a slim margin.

The competition was held at the Pembroke Chief Ranger Headquarters on Friday, February 27th, with Kemptville, Pembroke and Lindsay Districts each being represented by a team, which consisted of a captain and four members.

The competition consisted of each team having two problems to work on, in this case with two casualties involved in each problem. With a time limit of 20 minutes on each problem, two Judges awarded points on the basis of skill, thoroughness, and ability to do the proper things speedily and in their proper order.

The final scores were Lindsay 610 points, Kemptville 600 points and Pembroke 540 points.

After the competition the team Captain was presented with a plaque representing the Championship of Southern Ontario and each team member received a Zippo Rule with the Department crest on it.

The Team from this district was made up of the following: Captain Bill Barber, Superintendent, Balsam Lake Park, Alvin McFadyen, Conservation Officer, Orono, Dave Ward Superintendent, Serpent Mounds Park, Alex Miller, Timber Technician, Minden, S. A. Shields, Deputy Chief Ranger, Haliburton.

The team was quite happy with their win, and are looking forward to the final competition the Northern Ontario Regions with utmost confidence.

BUY EASTER SEALS

An Easter Seal won't get a letter through the post office. It can't be redeemed for an electric frying pan or converted into instant cash. All it can do is bring a smile to the face of a handi-

capped youngster.

This year the Minden Rotary Club is seeking \$700 in donations to its Easter Seal campaign which ends Easter Sunday, March 29. To date there has been \$524.00 donated, still many dollars short of the club goal.

The Minden club conducts the campaign in conjunction with the Ontario Society for Crippled Children and half the funds raised are retained by the club for the direct benefit of needy crippled children in this area.

This money enables the club to assist the children and their parents in a great many ways, including help in purchasing artificial limbs or other equipment such as wheelchairs and braces, transportation to and from camps and, if required, help in paying for camping fees.

The balance of the funds raised here go directly to the Ontario Society for Crippled Children. There they are used to support the handicapped youngsters in this province through one of the world's most comprehensive treatment and rehabilitation programs.

The Society maintains 21 District Nursing Offices throughout Ontario, staffed by 37 specially trained Public Health nurses. Working with the Minden club is Mrs. Appleby from this district office.

The service is one of the most extensive anywhere in the world and enables the Society to keep in direct and constant touch with the more than 14,000 crippled children in Ontario.

Club members maintain a close and direct contact with the youngsters of this area and their parents. This way they are able to provide the Society with a continuing and personalized report on each child and to ensure that everything possible is being done to give them their rightful place in the community.

Gene Whitney, chairman of this year's campaign, along with all club members urge all those who have not mailed their contributions to do so at once, helping the Minden Rotary Club to help those children in need.

Spring traditionally represents the season of hope, and, for a crippled child, hope means a donation to the Easter Seal campaign.

Over the years the Rotarians have been most grateful to the people in and around this community for their support in this project. It has been most gratifying for them to see the results your money has made possible for handicapped children in this area, and throughout Ontario. It is their hope this Spring that enough contributions will come in, enabling them to do the work required in this field, for this area.

You can be sure, your money is being well spent, when you donate to this cause — give generously and help the Rotary Club here to help others.

COUNTY LAKES TO BE SURVEYED

The fisheries management unit of the Department of Lands and Forests here will survey 16 lakes in Haliburton County this spring.

The surveys will consist of sampling the fish populations by netting, collection of minnow samples, a series of water temperature tests and preparation of contour depth maps by echosounding. A. E. Walroth, district forester said Friday.

He said some of the lakes have already been partially surveyed and the department hopes to have the surveys completed by next fall.

Netting surveys will also be carried out in Buckhorn and Chemong lakes according to Robert Lewies, a biologist with the Lindsay branch.

Mr. Lewies said the three-year program in the two lakes is to measure the sports fish population. The program, he said, involves clipping the fins of some fish and tagging others for identification purposes. The netting will start about May 1.

He said the success of the program depends to a large extent on anglers returning tags from fish to the department.

TENDERS

Tenders will be received till 4 p.m., April 15, 1970.

To install two (2) 25 lb. Washer - Extractors, 208/240 Volts, 60 cy. 3 ph, in laundry of Hyland Crest, to comply with the necessary instructions regarding the installation of said washers.

To install one 56" Ironer, to connect necessary wiring to the Ironer.

To pour 5-inch concrete slabs under the washers and special hold-down bolts are inserted.

To break into ceiling for hot and cold water inlets.

To break through floor to run drain out to 1000 gallon septic tank and into 500 gallon pumping tank, to install a submerge pump in 500 gallon tank to pump into 1200 feet of field bed, all field bed work to be under the approval of the Department of Health.

All damage done to ceiling, floor and grounds to be repaired by the contractor. Any difficulties in completing the installations are to be included with the contract price.

To install and supply the 1000 gallon septic tank, 500 gallon pumping tank, submerge pump, 1200 feet of field bed and all material for installing said equipment.

Inspection may be arranged by contacting
Mr. Sidney Brown

Lowest or any tender not necessarily accepted.

Hyland Crest Home,
Phone 131 or 132, Minden, Ontario

"I protect my farm —
and my family's future
with crop insurance."

Malcolm MacGregor,
R.R. 4, Cryslar.

**Crop insurance protects you against the hazards of a
bad year — the weather, plant disease and insects.**

Farming is a risky business. Crop production costs increase steadily, year by year. In contrast, crop yields vary — depending largely on unpredictable natural hazards which you can't control. But now you can protect your investment in seed, fertilizer, sprays, etc. — with crop insurance. Crop insurance guarantees your production — so you can cover your costs.

Rates are low — Federal and Provincial Government participation means you buy

this comprehensive coverage for less than half the cost.

'No-claim discounts' — can reduce premiums by as much as 25%.

Premiums are deductible — At tax time, your crop insurance premiums can be listed as deductible expenses.

For peace of mind — find out how crop insurance can benefit you. Talk to your local agent — he's listed below

APPLICATION DEADLINE MAY 1st (SOYBEANS AND WHITE BEANS JUNE 1st)

**MINUTES OF COUNCIL MEETING
TOWNSHIP OF STANHOPE**

Council met on March 9th, with all members present.

Moved by Ken Whitney, seconded by Jim Harrison, that the minutes of February 4th, meeting be adopted as read.

Moved by Jim Harrison, seconded by Ken Whitney, that Jim Elder and Phil Richardson be a committee to assist Robert Jennings on the location of the Road Allowance on Lot 11 Con-

cession 9.

Moved by P. H. Richardson, seconded by Ken Whitney, that we invite Mr. H. J. Christian of the Parks Assistance services to attend our next meeting.

Moved by Ken Whitney, seconded by P. H. Richardson, that tenders be called for the crushing of ,6000 cubic yards of gravel, same to pass through a three quarter inch screen and to contain 60 per cent stone, price to be quoted at the belt, tenders to close Monday, March 30th, 1970, to be crushed in two sets, work to begin May 15th 1970, lowest or any tender not necessarily accepted and subject to the approval of the District Engineer.

Moved by Jim Elder, seconded by P. M. Richardson, that Mervin Cowan be paid for one week vacation pay owing from 1969.

Moved by P. H. Richardson, seconded by Ken Whitney, that the Clerk write to the following asking them if they would be interested in forming a Historical Society to work in conjunction with the proposed museum. Edith Russell, Isobell Gibbs, Phrona Sisson, Myra and Wilfred Mason, Harold and Della Archer, Stewart and Minnie Dawson and John and Cora Hewitt.

Moved by P. H. Richardson, seconded by J. Elder, that we concur with the Haliburton County Board of Education resolution of February 12th, 1970 regarding payment of the installments of the education levy.

Moved by Jim Harrison, seconded by Ken Whitney, that we request approval of the transfer of funds. 1. \$2,000 from B C Construction to B C Maintenance. 2. \$26.32 from Road Construction to B C Maintenance. 3. \$23,466.04 from Road Construction to Road Maintenance.

Moved by Jim Harrison, seconded by Ken Whitney, that the clerk be allowed to deal with the Malcolm account.

Moved by Ken Whitney, seconded by Jim Harrison, that the accounts amounting to \$240.00, February Welfare \$525.40; and Road Voucher No. 2 \$6,662.88, be allowed for payment.

Moved by P. H. Richardson, seconded by Ken Whitney, that this meeting adjourn until the 1st day of April at 9 a.m., 1970 unless called sooner by the Reeve. All motions were carried.

**MINDEN
MINOR HOCKEY
NEWS**

On the Minor Hockey front this week, the executive met with much discussion on winding up the season for another year.

Norm Harrison was put in charge of a committee to make plans for the wind-up banquet. The date was tentatively set for May the 16th., if however this date is changed, everyone will be notified.

Jackets were discussed for all players in the Minor Hockey system. Anyone wishing a hockey jacket is asked to be at the arena on Saturday, March 28 at 2 p.m. for fitting. The cost will be approximately \$18.00 - please bring your money.

The midgets played in a tournament in Bobcaygeon on Saturday losing 8 - 0 to Port Perry and 6 - 1 to Lindsay. This tournament had some higher calibre teams entered, making for tough competition — everyone however had a good time.

The Bantam team heads for Owen Sound this weekend to participate in a two day tournament — best of luck fellows, bring home the silverware.

Oh hum — the Mighty Minden Mites did it again, winning hockey games is becoming old hat to these youngsters. In Keene on Saturday they captured the Whalen trophy for winning the tournament championship.

The Mites played some fantastic hockey, not allowing a goal in three games played. Once again they ran up against Ops township and needed overtime to eliminate this strong team from the Lindsay district.

Their first game was played against Norwood at 10 o'clock — they swamped this clup to the tune of 18 to 0. At 1 o'clock they met Bobcaygeon, who had won their first game over Cobocok, and beat them quite easily by a score of 9 to 0. Incidentally the Bobcaygeon club had four players who had played in Novice competition all year, playing in this tournament. At 5 o'clock Minden skated on against Ops, who had won their first two games. The play picked up where these two teams had left off in the Kawartha League finals. after three periods of play the score was 0 - 0. Sunden death overtime was needed, and at the seven minute mark Roger Hicks, who had played an outstanding game for Minden all day on defence fired in the winning goal from 20 feet out. This victory in overtime with Ops was the sixth time this year the Mighty Mites beat this team in overtime play.

As usual it was a fine team effort, the defence of Roger Hicks, Jim Hatkoski, David Arbuthnot and Terry Harrison played flawless hockey on the blue line. Back in goal Mike Clark was a standout in the final game against Ops stopping many hard drives. Up front Corey Coneybeare, and Garry Harrison were the stars of the tournament, firing in 11 goals between them. Other forwards, Leslie Boof's, Paul McKenzie, Corey Walker and Mark Greir, played steady throughout the day.

Floyd Hall Real Estate office has a display of the trophies the Mites have won this year.

In case your interested the Mites won 16 games and lost one. These boys have shown tremendous stamina throughout the season — they have been champions on and off the ice.

Auction Sale

	YOUR RED CROSS
	SERVES YOU AND
	SERVES FOR YOU

MINDEN RED CROSS HOSPITAL

by Rev. Wesley Oake

Everyone lives by the occupation of his own choosing. The farmer plows the fields, sows the seed and enjoys the reaping of the harvest. The salesman sells the customer an article of prime necessity; that's the salesman's life.

As for the nursing staff at the Minden Red Cross Hospital, that is in my estimation a specialty — a specialty of human love and concern; for they (the nurses) are perhaps the only professional people in the world who give of their time and talent, not just for monetary gain, but rather for the joy and satisfaction of ministering to the sick and suffering, caring for those who cannot care for themselves.

Nurses live and work for the privilege and opportunity of helping the lame, the sick, and the distressed people. They know what they are about when they bandage a wound, and they give an antibiotic. They know what they are about when they assist our lone Doctor Koval in his neverending task of mercy to people who are broken in body, mind, and spirit.

Nursing can scarcely be called an occupation; it is a Divine Call — an act of love and mercy is exemplified in their willingness to carry on their weary steps "beyond the second mile" and indeed go beyond the call of duty to bring relief to the sick and suffering.

We, the people of Minden, are very fortunate and indeed blessed to have our little Red Cross Hospital which is so efficiently operated by such a genuine team of competent staff. We in no way can pay them for their devoted loyalty to their calling, for the necessary (and sometimes the unnecessary) steps to the patient's bedside. All we can say is, "God bless them and may He continue to give them the physical and spiritual strength to carry on their act of mercy."

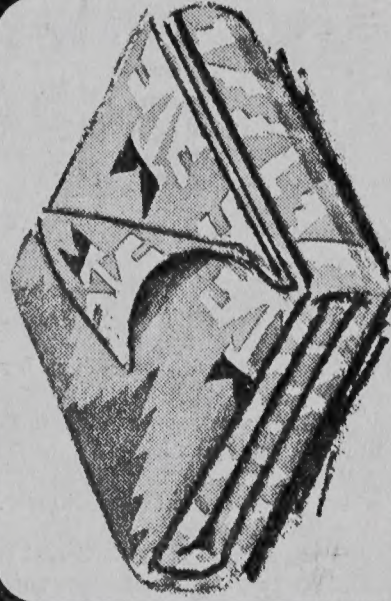

In spite of my illness, I can truthfully say that one of the most pleasant experiences of my life was my stay in the Minden Red Cross Hospital. Hardly had I been there when the telephone began to ring, people dropping in, cards, coming by the dozens from people

Hardly had I been there when the telephone began to ring, people dropping in, cards, coming by the dozens from people concerned about my health. All this, and especially the peoples' prayers, meant much to my speedy recovery.

You find faults in people, in nurses and the doctor. Yes! (I see some in them too), but it still means this: the people of Minden, and indeed the Haliburton County, care and think about other human beings. The doctor and the nurse are special; they have a hunger to do something with hope and heart and love in it — something more than work.

A NURSE'S PRAYER

Lord, I have little time to pray,
To worship you in formal way —

In song at church, on knees at prayer,
Or gaze in awe at altars fair.

Humbly — I hesitate to ask
Your holy blessings on my task,

And yet each time I heed a call
For bedside service, great or small,

I think of One Who healed the lame
And fed the multitudes that came.

To hear Him speak beside the sea —
As lowly work as asked of me.

Forgive, then, Lord my hurried days,
Condone the lack of formal praise,

Read into every service rendered

My hymn, my praise, my 'Ave' tendered —

As proof that all my nursing skill

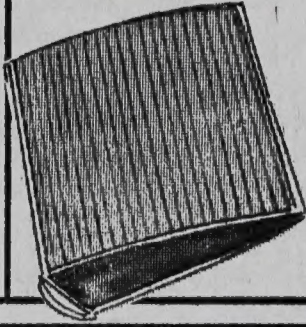

Is but the service of your will.

Amen.
Mrs. Effie Clark

FIRE PERMITS REQUIRED APRIL 1 BY FOREST FIRES PREVENTION ACT

The fire season starts on April 1, and with it comes into effect all the regulations of the Forest Fires Prevention Act, warns Haliburton Deputy Chief Ranger S. A. Shields.

One restriction that applies to everyone is the fire permits. During the fire season, no one may set out a fire for any purpose other than for cooking or obtaining warmth without obtaining a permit.

A new section of the Act mentions fireworks: they shall not be ignited within 1000 feet of a forest or woodland without a fire permit. Another new restriction forbids smoking while walking or working in the woods.

"If you must smoke," said Mr. Shields, "stop, sit down, have your smoke and make sure it is extinguished before going on."

He added, "It should be unnecessary to mention that it is illegal to throw or drop within 1000 feet of a forest or woodland a lighted match, cigarette, cigar or other smoking material, live coals or hot ashes, but it may serve to jog some people's memories."

Two sections of the Act in particular, if adhered to, would greatly reduce the number of fires, claimed Mr. Shields:

— Section 7 states that every person who starts a fire for the purpose of cooking or obtaining warmth shall start the fire on a site that is bare rock or mineral soil, or free from flammable materials, and shall clear an area of at least three feet around the outside edge of the fire.

— Section 9 makes it mandatory that "all reasonable steps" be taken to keep the fire under control, that a responsible person attends the fire, and that the fire be extinguished before leaving the site, or, in the case of a fire started under a permit, the first must be extinguished before the permit expires.

The Department of Lands and Forests or the local Ranger's office are the places to take any doubts or questions pertaining to burning.

As an added incentive to abide by the regulations outlined in the Act, Mr. Shields pointed out that penalties have increased in recent years. The maximum is now a fine of \$1000, or imprisonment for a term of not more than three months, or both. And as a further deterrent, the offender is also liable for the expenses incurred in extinguishing the fire.

ABOUT THE TOWN With Jeanne Sears

We heard on T.V. that the cost of living had gone up again, mostly due to the cost of meats. Perhaps we should change into vegetarians but then these products would increase in price. A boycott of milk kept the price from increasing. Perhaps housewives should go on Strike!

* * * *

Sympathy of the village to the families and friends of the late Ross Henderson and Dr. W. Crow who passed away last week.

* * * *

The Mites have done it again though we never heard about this on radio. They were winners of the Whalen Trophy at Keene on Saturday and now have three trophies. If you would like to see them, they are on display in Floyd Halls window. Congratulations once more.

PRAYER FOR WISDOM

Oh, give me wisdom, Lord — that I may see.
 The hidden path that Thou hast set for me.

Let me be glad for little simple things,
 Wise to take gladly what the morning brings

Let me be quick to feel another's woe,
 Wise in the way our troubled hearts must go.

Oh, give me patience, too, and quiet grace,
 To make a home of this poor shabby place.

And make me cheery, Lord — there is so much
 In smiling lips and love's redeeming touch.

And when the day ends let me humbly see,
 That I have walked its ways — in step with Thee.
 Edna Jaques.

* * * *

St. Pauls Parish Hall was crowded last Tuesday evening to hear Sister Edna speak. She told of the Anglican Order of St. Johns and was truly an enthusiastic speaker and worker. Following her talk the Rev. Howard Best showed slides of their schools, Senior Citizens' Homes and Convalescent Homes.

* * * *

Flo Dollo and Joe Jr. left last week for a visit with the Peter McCloskeys in Prince Edward Island.

* * * *

Hint of the week — If you wash and press winter clothes before storing them, this may save them from the months.

* * * *

Patients at the local hospital early this week included Howard Baker, Maurice Cooper, Mrs. Harry Welch, Mrs. Elizabeth Miller, Judy Cowan and baby girl, Steven Hunter and Mrs. Mae Cooper. In Ross Memorial after surgery is Mrs. Leslie Prentice who is making fine progress.

* * * *

Happiness — A business executive who left his cool, air-conditioned office for a fishing trip; sitting in a boat under a blazing sun; his seat wet; wearing woolen socks and high heavy leather boots; a dorned with a fly net over his face; sweating copiously; untangling a backlash in a leaky boat.

* * * *

Mrs. Annie Kernohan was the lucky winner of the quilt drawn for at the W.I. meeting last Wednesday afternoon.

* * * *

Lil Martin and Joyce Hewitt were winners of the share-the-wealth at Rotary Bingo Thursday.

Has been a good week, but since Spring is suppose to be here it snowed and rained, not very good for students on holidays.

Cheerio until next week.

THE NATION'S BUSINESS

by William Scott M.P.

Please!
Only you
can prevent
forest fires

Opposition to the governments proposed changes in the country's tax laws continues to mount, and Prime Minister Pierre Trudeau appears to be feeling the sting of his critics' barbs. In an apparent attempt to offset public support building up behind Opposition Leader Robert Stanfield's national speaking tour against the tax proposals, Mr. Trudeau levelled a blistering attack against his critics last week in Toronto. He attempted to dismiss the mountainous barrage of informed criticism with the statement that his government would not be "bullied or blackmailed" into shelving the controversial programme. What he accomplished, in effect, was to put the government squarely on record as being determined to ram through tax change legislation, come what may, and, at the same time, point up clearly that the "Benson White Paper" is a Government White Paper.

It was also apparent that Trudeau was attempting to set aside consistent rumours that the White Paper is causing serious

rifts in the government party, and indeed in the Prime Minister's cabinet. If that is what he hoped to convey, it was a futile exercise. It is well known that a considerable number of Liberal members are openly hostile towards many of the provisions of the Paper, and covert opposition on the part of other members is obviously causing the Prime Minister some concern.

It was obvious that Mr. Trudeau was incensed by a statement made earlier in Toronto, at a White Paper protest meeting, that the provisions in the tax proposal amount to, and I quote, "absolute Communist confiscation." The Prime Minister said that such tactics would not distract the government from "the fundamental objective of our reform." Hardly a satisfactory answer. As a student of political science, Mr. Trudeau was well aware, as he made his statement, that two of the supporting pillars of 'fundamental' Marxist doctrine are suppression of individual initiative and incentives, and government control of the means of production. There are ample provisions in the White Paper to accomplish both these objectives.

No one can quarrel with the government's plight. With a skyrocketing annual operation budget, and a serious need to implement new programmes or social reform, the government is hardpressed to find the necessary funds to run the country. However, it is a sad commentary on the concept of 'enlightened government' when the present government cannot draft a programme to raise the necessary funds without pummeling the country's middle class.

More than a century ago, Abraham Lincoln uttered a few truisms that should be required reading, every hour on the hour, for each of our cabinet ministers. They read as follows:

You cannot bring about prosperity by discouraging thrift;
You cannot strengthen the weak by weakening the strong;
You cannot help the wage earner by pulling down the wage payer;

You cannot help the poor by destroying the rich;

You cannot build character and courage by taking away man's initiative and independence;

You cannot help men permanently by doing for them what they could do for themselves.

RED CROSS SERVES YOU
EVERY STEP OF THE WAY

NOTICE

The Office of J. Douglas Oke D.C. Will Be Closed

For Holidays — March 19 To April 8 Inclusive.
